Designed with a refined European aesthetic, the residence is built using top-tier Italian-imported materials and reinforced concrete enhanced by innovative "igloo" insulation technology—ensuring natural air circulation and a refreshingly cool interior throughout the year. With 20 cm-thick concrete walls for optimal soundproofing and stunning Spanish porcelain floors, every detail of this home speaks of durability and sophisticated living. The property sits on a generous 1,200 m² lot, offering ample space for future expansion—whether that be a second rental home, an owner's residence, or a luxurious pool and garden retreat.
