Property Description

Casa Ocho is a brand new home completed in 2022 in the best part of K section and a 3 minute walk to the beach. It's a modern, private, luxury 5 bedroom, 5 bath home situated on a pristine jungle lot complete with mature trees, stunning flower beds, a green fence and creek in front of the home. It was designed by Benjamin Saxe, one of Nosara's leading architects, along with a world class builder, and designer. Much of the materials were sourced locally and the home furnishings were designed and built by local craftspeople and artisans. Floor to ceiling glass doors and windows throughout the house offer incredible and inspiring views of the garden and jungle as well as the creek. The main room overlooks the pool and bbq and was designed with comfort and relaxation in mind. The eight seat dining room table sits on the pool deck while the kitchen counter can seat 6 for a casual meal. Enjoy beautiful and serene details like the indoor garden; stunning teak flooring and staircase; a hand-made macrame hanging chair; and custom furniture & lighting throughout.
