Property Description

Welcome to Villa Enlightened main house, a brand-new house completed in 2023! This property is truly the best of both worlds! An amazing unobstructed view of Playa Guiones...yes, you can see the waves and walk to the beach, Bodhi Tree, and town. After entering through a security gate, you will be greeted by a beautiful waterfall to follow the paved driveway up a steep incline to a secluded jungle oasis. Truly a magical property...there is nothing else quite like it in Nosara. The SpaceVilla Enlightened's tropical modern vibe is designed to bring the outside in. The massive glass walls allow you to absorb the jungle and ocean views on all sides. Every room has a fabulous view...even the casita. The house has beautiful concrete floors and local teak ceilings. The décor is minimalist because the focus is on the beauty that surrounds it. With solar panels capturing the sun's energy, a bionest for water treatment and repurposing (for landscape irrigation), as well as composting and recycling opportunities, and the exclusive use of biodegradable cleaning products, you can wallow in luxury with the comfort that you are making the smallest possible footprint on this treasured jungle community.
