Property Description

This project, featuring 25 lots, is conveniently located between the beautiful beaches of Coyote and Bejuco. Easily accessible year round from the main road, most of the lots have a large, flat surface and are at least 5000m², allowing for a wide variety of residential projects. Situated approximately halfway between the popular tourist towns of Samara and Santa Teresa, this location is ideal for those who dream of a less popular getaway. Due to the tourist boom and the international fame that Costa Rica, and especially the northern Pacific region of the country have generated during the last decade, the value of said land increases every year, making this a solid and consistent investment in a safe place of unparalleled beauty which is yet to be discovered. Prices start at just \$95,000. Contact us today for more information.
