## Property Description

Hacienda Paraiso is a fantastic investment opportunity! This property is located just south of Canas, 12 kilometres from Monte Verde, and minutes from the iconic Lookout Mountain. This resort is so tranquil because of the stunning views of various volcanoes as well as the Nicoya bay on the Pacific Ocean. Hacienda Paraiso has a restaurant, four rustic cabins, a barn, a football pitch, an artisanal well and hundreds of fruit trees. It contains a huge pool, as well as an outdoor event area and a bar. There is the beginning of a number of new rooms beside the pool, with an estimated 8 more units. The property spans 104 hectares and has two existing paths, two streams, 25 hectares of virgin forest, and a waterfall just minutes away. There are 50 cattle, adequate meadows, 2 stall feeders, 2 artesian wells with Asada and approximately 12ha of electrified fencing. This entire land is ideal for a wellness resort or community.
