Property Description

Watch the sunsets from this impeccable 2BR 2BA modern home that has everything! Situated on a large lot that borders the ocean properties, it has room for another structure or even a large pool. From this house it is just a short walk to an uncrowded beach. The Gulf's tranquil waters make it ideal for fishing, swimming, snorkeling and other water sports. The majority of Costa Rica's best fish and shrimp come from the Gulf as well. The home was built in 2018 and only used in a few winter months. Just outside the house is a large patio with a jacuzzi. The two large bedrooms are equipped with A/C. All the furniture, appliances, bedding and all are included in the price along with a 2006 Suzuki Vitara in excellent condition. Next to the house is a secure storage space (a steel shipping container) that can store personal items when rented. Inside is also an expensive water storage tank and water filter system.
